Superintendent.

Encl:

NOTE CONTAINING SUGGESTIONS MADE AT THE MEETING OF LEGISLATORS OF THE SOUTH KANARA DISTRICT IN THE COMMITTEE ROOM ON THE 7TH MARCH 1956.

Filter points may be made available to ryots even if they do not take a loan or even if pumps are not purchased.

Tube-wells: Ryots should be allowed to sink wells on a loan-subsidy basis.

Koila farm: There is a fodder problem. Steps may be taken for growing fodder and necessary irrigation facilities may be provided.

Housing: Houses for weavers should be provided and Government assistance should be made available in this district also.

Cashew: Possibility of growing cashew in reserved forests may be considered.

Wood-seasoning plant may be located in the district.

(p.t.o.)

Unit for manufacture of splints from soft-wood, slate-frames and pencil may be located.

Intensive cultivation of bamboos and cane in forest areas may be undertaken.

Wood distillation plant Location of one unit in the district may be examined.

Fisheries: Carrier boats and refrigeration vans for transport of fresh fish may be provided. Facilities for deep-sea fishing should be provided.

Fish meal plant may be located.

Formation of roads connecting fishing points to main roads

A course of fisheries technology may be introduced in the Polytechnic.

This Government should press for the location of the Fisheries Technology Institute, proposed to be started by the Government of India, in the South Kanara District.

Industries: Clay research station and pottery development.
